

More non-cents from the HASH CASH

Another year, another GM –I heard on the grapevine that **Serenity** bribed **Shatter** into the GM’s position with a bank balance of \$8274.88.

Over the year the pack continued to drink \$2 beers, \$4 spirits, 50 cent softies, \$7 wine, free water and of course enjoy the beautiful cans of TUN. Some nights were bigger than others. Such was the thirst on occasions that I am sure that an email must have been sent to some hashers advising them that all alcohol was being wiped off the earth at midnight that Monday night. I suspect that some Tuesday mornings were longer than others.

In April we had a nash hash prelude at the red track which was very well attended with our own large pack of 54 and 23 visitors. A good night was had by all and **Shatter** provided the visitors with a “Welcum to Townsville” badge.

In July we celebrated our 2250 run at the Black River Rodeo grounds. Anyone who made it won’t forget the tremendous work done by **Dunkin** in documenting our hash history and nor will they forget the look on **Serenity’s** face when he spotted his bike up a tree (when he thought that his bike was still safely locked up at home)!

Some the stayers managed to remove their clothes on Saturday night and then it was port and scotch drinking time. **Wart’s** equilibrium was affected by something he ate and when he needed help **Shocker** immediately raced back to the fire to seek assistance. Unfortunately,

by the time he got there he had forgotten what he was doing there and simply had more to drink and a chat to anyone who may have been willing to try to understand his braille.

The Red Dress run was held on 2 September at the Herbert Hotel and the 48 hashers in attendance raised the mighty amount of \$2027.65 for the Hounds4Healing charity – well done everyone. Paul, the publican of the Herbert kindly donated \$400 to kick off our bucket collection and each hasher contributed \$10 to the charity. By 10.30pm only the two bike riders were left and **Clever Punt** somehow managed to persuade **Shatter** that he had not drunk enough and took him home to top him up until 1.30am (and we all know that nothing good happens after midnight).

The AGPU is now here and a new committee gets to have their fun in organising the rabble that is TVH3 – well done to the old committee and good luck to the new committee.

On On

Wetcheques

On Sex Report

The Who's who and What's what of Townsville HHH. I decided to take on the responsibility of informing and entertaining the club on a weekly basis. As a virgin to this role I thought I'd done a pretty good job. I mean I may have '*forgotten*' to bring the trash along a few times here and there but shit nobody's perfect right?

After about a month of googling jokes, riddles, comics, anything I thought was funny really, I started to see the same shit everywhere and I thought I was losing my touch!

So good old Uncle Blowback introduced me to a sprightly young fella by the name of Agnes. He told me he subscribes to these joke sites, and he would send them onto me. I thought, 'Oh yeah, a few new goodies would be awesome'. Well holy shit! These jokes just keep coming through! Thank you very much Agnes I truly appreciate it!

As On Sex, I've come across some very entertaining run reports and some not so much. Delegating someone to do scribe for the week - DO you have a computer? Good! Then that's a start! Sometimes when there's been no scribe show up the GM picks someone at random, that makes my job easier haha thanks for that Shatter!

A lot of time and effort went into setting up the celebration run (Good job committee.) Unfortunately, I saw AWOL for the majority of the weekend with a bung eye laying in the tent (least I know shocker had a great time!)

Well the year has quickly come to an end and I've been asked to create this magazine for you all to enjoy. Over the space of 12ish months (50 weeks), it is nearly impossible to cram everything and everyone into a magazine. I could write a novel of what goes on in Townsville Hash. Its more than just a Monday night social event. TVH3 is a massive family and I have enjoyed every bit of it. Thank you all for a great year.

On On,
Your *little* **Big O**
Orgasm
