Three women are playing golf when a man wearing only a bag over his head runs by. The first looks down and says, “He’s definitely not my husband.” The second glances downward and says, “Well, he’s not my husband either.” As he passes the third she also looks down and says, “He’s not even a member of this club.”

## Run 2080 – Kelso Hash – Touch Up & Cuttlefish

A cast of (almost) thousands are responsible for this week's report. In chronological order, firstly a few comments from our "Groper Virgins":

Amazing.....we nearly had to have a cut lunch n water bag to get out to Kelso last Monday. Not to mention slip slopping around the country and tramping through long grass that just about tickled ya fancy.

Well I'm happy to report I didnt fall flat on me face to kiss the earth/mud this time like I did last week. enjoyed another run/walk.

On on Sandgropper virgins Bev n Terri

Now some editorial license about the run:

We set off with the walkers after some words of wisdom from *Touch Up* assuring us that there was heaps of trail and we couldn't possibly get lost. He was right. After a fairly early HC, we followed a fence a short distance to another HC. Further along the fence, then the trail went across the upper reaches of the Bohle to a FT on the left bank. Back along not the left bank which was wrong but the right bank which was right then a FT to between the right and the left banks of the not so upper reaches of the Bohle. Back into outer downtown Kelso to a HC/DS. Then the pack went through inner downtown Kelso, frightened the phuck out of a cupla kids on horses and the SCB's SC'd along the main drag home ... Ed.

Now it's *Sherlock's* turn to report on the TVPH3 and the circle:

Completely unsurprisingly TVPH3 met at the Upper Ross RSL. It was a reasonably small pack of 1 but the grog was cold and camaraderie pleasantly pleasant. After each member of the pack had had two shouts it was time to join the other cretins at the circle.

*Wart* reported on the run, *Terri* on the walk, and *Sherlock* on the pub. On everyone's mind was, "What the phuck did *Booga* do to the two virgins, Megan and Sarah, to frighten them away before they could even be introduced to the assembled multitude?" He reckons they just got lost and frightened, but we all know him to well for it to be so innocent!

*PoW* went to *Touch Up* for getting the walkers lost before they got to the drink stop, and *Bev* (not Beth) gave the Erectus to *Blowback* not *Blow Back* for calling her Beth (not Bev) in the Trash.

*Bulk Bill* returned *Self Abuse's* rear bike light suggesting it was broken, when it was only really "on the blink". If *Bulk* reckons a flashing light is broken, what the phuck does he think when he listens to a stethoscope – Does he really think someone dies and resurrects sixty times a minute?

*Cods* got charged for trying to pass off a faded 2 cent coin for \$2 at the Peddle on the previous Saturday. Awards were given to *Azaria* for 350, *Tyson* for 650, and *Cop It* for 600 runs, and the raffle winners were Chris, *Azaria*, and *Bentabeak* who did a gleeful jig before realising he had won the free piss prize – and he had the car keys.

On on, Bev, Terri, ...Ed and *Sherlock*

A Chinese, Frenchman, Englishman and a Pakistani are on holiday and enjoying the sights off the "End of the World Cliffs" in Sagres, Portugal.

They were standing at the edge of a cliff viewing the sea when the Chinese suddenly throws a wad of money off the cliff.

"Why did you do that?" asked the others.

"We have so much money in China and I can afford to do it," says the Chinese'

"Ok," says the Frenchman and throws a bottle of champagne off the cliff into the sea saying, "We have so much champagne in France and I can afford to do it."

The Pakistani looks at the Englishman and says, "Don't you bloody dare!"
