No report, again – and again ed was too broken to participate in the run so not much comment there, other than it was obviously well received.

Nosh after the circle was a “Hash Mash”, and was pretty good. Some of the older harriers remember TVH3's first “Hash Mash” back in the early '80's, when some clown smuggled some “Lassie” into the pot. Half the pack shat through the eye-of-a-needle for the next few days – hence the rule of “original label attached” was imposed.

On on ... Ed.

All drugs have two names, a trade name and generic name. For example, the trade name is Tylenol and it's generic name is Acetaminophen. Aleve is also called Naproxen. Amoxil is also called Amoxicillin and Advil is also called Ibuprofen.

The FDA has been looking for a generic name for Viagra. After careful consideration by a team of government experts, it recently announced that it has settled on the generic name of Mycoxafloppin. Also considered were Mycoxafailin, Mydixadrupin, Mydixarizin, Dixafix, and of course, Ibepokin.

Pfizer Corp. announced today that Viagra will soon be available in liquid form, and will be marketed by Pepsi Cola as a power beverage suitable for use as a mixer. It will now be possible for a man to literally pour himself a stiff one. Obviously we can no longer call this a soft drink, and it gives new meaning to the names of 'cocktails', 'highballs' and just a good old-fashioned 'stiff drink'. Pepsi will market the new concoction by the name of: MOUNT & DO.

Thought for the day: There is more money being spent on breast implants and Viagra today than on Alzheimer's research. This means that by 2020, there should be a large elderly population with perky boobs and huge erections and absolutely no recollection of what to do with them.

Every day, a male co-worker walks up very close to a lady standing at the coffee machine, inhales a big breath of air and tells her that her hair smells nice. After a week of this, she can't stand it anymore and takes her complaint to a supervisor in the personnel department and states that she wants to make a sexual harassment grievance against him.

The Human Resources supervisor is puzzled by this decision and asks, "What's sexually threatening about a co-worker telling you your hair smells nice & Who is it?"

The woman replies, "It's Frank, the dwarf."

"You're fired, Jack. The lab results just came back, and you tested positive for Coke."
