RUN REPORT #2128 – Currajong (abridged by ed.)

Hares: El Dringo & Shatter

After given the job of writing the run report for the Hash Trash as we're leaving the venue last night. I did not take much notice of what went on at the circle. It was pretty hard to concentrate when jets of ice cold water was zooming past your head at a constant pace.

The trail for the runners was about 7.5km and to my understanding listening to a few of the guys they were pretty happy with the run. But they were complaining heavily about running that far with no drink stop. That also could be said for the walkers (drink stop seems to be a big thing in Townsville Hash).

As far as I am concerned, any town run is pretty boring but I would have to say it was one of the better ones.

The Prick of the Week Shirt was given to Cat Blew, for boasting about running the last 3km to the on-home. But truth be known Cat Blew asked me to give her the Prick of the Week Shirt because it was still fairly new and did not stink...yet.

The Circle ended abruptly after one of the heaviest shower I have witnessed whilst being in Townsville. Then as usual, nosh was provided.

Wrong Way

I was standing at the bar one night, minding my own business, when this FAT, ugly chick came up behind me, grabbed my behind and said, "You're kinda cute. You gotta phone number?" I said, "Yeah, you gotta pen?" She said, "Yeah, I got a pen". I said, "You better get back in it before the farmer misses you." Cost me 6 stitches... But, when you're over sixty; who cares?

A hash house harrier was seated next to a little girl on an airplane, the hasher turned to her and said, 'Let's talk. I've heard that flights go quicker if you strike up a conversation with your fellow passenger.'

The little girl, who had just opened her book, closed it slowly and said to the hasher, 'OK what would you

like to talk about?'

'Oh, I don't know.....How about nuclear fusion?' said the hasher, smiling.

OK, ' she said. 'That could be an interesting topic, but let me ask you a question first. A horse, a cow, and a deer all eat the same stuff - grass -. Yet a deer excretes little pellets, while a cow turns out a flat patty, and a horse produces clumps of dried grass. Why do you suppose that is?'

The hasher, visibly surprised by the little girl's intelligence, thinks about it and says, 'Hmmm, I have no idea.....'

To which the little girl replies, 'so, do you really feel qualified to discuss nuclear fusion when you don't even know shit?'

I went to the pub last night and saw a BIG woman dancing on a table. "Good legs!" I said!

The girl giggled and said, "Do you really think so?"

I said, "Definitely!?" Most tables would have collapsed by now."

Cost me 6 stitches... But, when you're over sixty; who cares?

Be on your guard... just had a warning from police about keys.

We are being warned about 5 keys that can open 87% of cars and 99% of houses. This is not a joke.

The keys you need to be on the lookout for are:

Dar-keys, Park-keys, Bi-keys, Jun-keys & Key-wi's.
