# RUN REPORT #2130

13/02/2017 – Jimbelle, Mother Duck & Cowboy

A small pack of 45 odd gathered at Jimbelle's son's house. The heat was on and the ice was melting at a rapid rate. Shortly after 6pm the pack set off through Pallarenda and back again. The circle was called by the GM and it was straight into the charges with no one being immune to being called to drink in the name of the great hash tradition. Special mention must be made to Magnetic Island Hash and Septic who was put on the spot to deliver the joke of the night. From memory it had something to do with tennis balls and elbows. A dishonourable mention goes out to Benta-beak for his attempt to bring rapture to the pack but it failed miserably. We did manage to see a few visitors, namely Dunkin, Colostrum, Dumbaz, and Gaylic, and we had a virgin who was thrown to the pack to be devoured in a marinade of beer. Sue, (how do you do), the virgin was given the Erectus, and as we didn't have the POW shirt GM decided that Chris should have the honour and drink from the glass phallic symbol synonymous with the POW. True to form Chris went early, so as a measure of good will the GM offered Chris a second chance to delay going early, which he managed to do with a bit of coaching from the pack. Raffles were won by Shocker, El'Dringo and Wet Spot. The circle finished up and nosh was served. A beautiful meal was had and a big thankyou goes out to the Hares, Jimbelle, Mother Duck and Cowboy. It was a pleasurable night and On-On to 7 Water Street for beer nosh and good-times.  
Booger

At the Hash Circle the GM yelled....

"Would all the hashers please stand next to the one person who has made your life worth living."

Miss Daisy was almost crushed to death..

University scientists have released the results of a recent analysis that revealed the presence of female hormones in beer. Men should realise that in drinking enough beer, men turn into women. It is advised that if you are male between the ages of 18 and 85 you may need to seek medical assistance to assess your beer consumption.

To test the theory, 100 men were fed 8 pints of beer each within a 1 hour period. It was then observed that 100% of the test subjects:

- 1) Gained weight.
- 2) Talked excessively without making sense.
- 3) Became overly emotional.
- 4) Couldn't drive.
- 5) Failed to think rationally.
- 6) Argued over nothing.
- 7) Had to sit down while urinating.
- 8) Refused to apologise when obviously wrong.

The research team felt the data was conclusive and no further testing is planned.
