Hash Mash A Riproaring Success (sucshash?)

Em-ass-ed SoftnCreamy

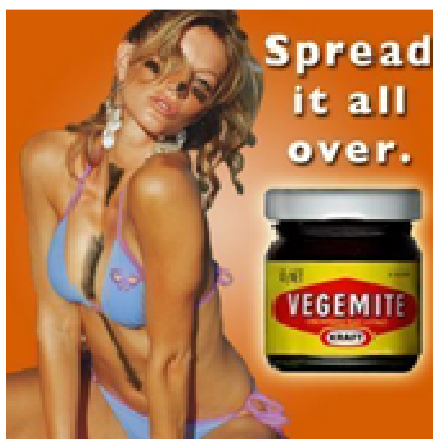

The annual Townsville Hash House Harriers Hash Mash run is over for another year. Despite dire warnings in previous weeks from GM **Booger**, a tin of dog food somehow found its way into the basket (looking at you **BlacknDecker** and **Barefoot Betty**). Those responsible for the henious transgression were made to eat it in circle.

The walk was long, stretching from Belinda Street to Aplins Weir, with the return walk along the Ross River providing sunset views and millions of mosquitos.

SoftnCreamy was accompanied at the back of the pack by **Azaria**, who taught her about the Islander custom of girls wearing flowers behind their ears. No idea where or how he discovered that. In turn, **SoftnCreamy** educated **Sue** on the erectus, and very politely offered to take care of it in the event that Sue joined the running pack on the journey home.

Circle was called promptly upon our return. We met Ahmed, who lives with Gash during the university semester, and welcomed him with a down-down in water (who says Hash doesn't appreciate other religions!).

Upon further inspection, the offending tin of dog food was found to be Stagg.

Hash Hymns:

What a Wank

Tune: William Tell Overture

What a wank, what a wank, what a wank, wank, wank,
What a wank, what a wank, what a wank, wank, wank,
What a wank, what a wank, what a wank, wank, wank,
What a wank, what a wank, wank, wank.

Rule Britannia

Rule Britannia, marmalade and jam,
Five Chinese crackers up your ass go,
BANG, BANG, BANG, BANG, BANG!
(Drink it down, down, down)

"I have a drinking problem, one mouth and two beers"

When I was born, I got a choice - A big dick or a good memory. I am not able to remember, what did I choose?

The frequency of sexual activity of senior males depends on where they were born. Statistics just released from Statistics Canada and The United Nations B.O.H. Team, revealing that: North American, Australian, New Zealanders and British men between 60 and 80 years of age, will on average, have sex two to three times per week, (and a small number a lot more), whereas Japanese men, in exactly the same age group, will have sex only once or twice per year if they are lucky.

This has come as very upsetting news to a lot of us at the pub, as none of us had any idea that we were Japanese.
