**RUN 2141 REPORT**

**CAPTAIN** and **TENNILLE** hosted another memorable run on Labour day 2017. More folk gathered at Pocock Court than at the Strand march. Probably because of the cheaper piss and better entertainment. The yard was set up for some kind of ritual, with fires burning and ranting and raving all the go. At 1800 somewhere, the **CAPTAIN** summoned his followers and directions were delivered in a confused manner. Plenty of chalk for the walk, and have fun on the run was about it. So, off the masses lumbered. It was clear from the start that the **CAPTAIN** was hell-bent on resurrecting a true hash run following the disaster of the Anzac campaign under **SERENITY** and **DUNKIN**. (Lest we forget the refreshing and uplifting drink stop, way better than that Belgium puss that was being rationed for down downs.) Deadset, this run was an architectural nightmare, with every street corner host to a check or hold check. There were more checks than the CBA Castletown had in its vault. The only checks missing were **BIG WETTY** and **LITTLE WETTY**. **CAPTAIN** was intent on delivering a run for the purist. We covered every street and avenue in Currajong Heights and down town Gulliver. The drink stop was harder to find than a clitoris, but the wily pack hunted it down with thirsty determination. It was the top-up that **CLEVER PUNT** needed to maintain his burping and farting prowess after a weekend polishing his balls. The trailer was a welcome sight with many caretakers nurturing the valuable contents. The weather was almost as good as the beer and the circle was called. In a role reversal, the **JM SHOCKER** became the acting **GM**, and the **GM BOOGA** serving as the acting **JM**. The ever-vigilant **EWOK** was awake to their ploy and charged both with treason for incorrect use of **BRANDY**. Welcome drinks were offered to soften the plight of the biggest pack of virgins I've ever seen assembled. It was great to see **COYOTE UGLY** in his new 'stewards' role conducting swabs as each left the circle. There were birthday calls and various vicarious and somewhat obscure chargers from the floor, resulting in time spent on ice for **EL DRINGO**, **SHATTER** and **CLEVER PUNT**. The **POW** was deservedly transferred to **BLOW JOB** for her incessant chattering and colour blindness, with the **ERECTUS** nowhere to be seen. The most popular down-down went to **DOLLY DD** for being so up front on her annual visit. Play of the night went to **PHLASH** with her disappearing act prior to the called circle, and wearing such beautiful **new** sky-blue shoes. Maybe next week. Water was all the go from the acting **JM** and was way better than the TUN puss buckets. The council water police were seen lurking in the shadows of Pocock Court as the night drew on. Raffles were drawn with 'surprizes'

to **SERENITY**, **COPIT**, and maybe **WART** (not enough cells left). Then nosh of normal fried rice or arse-burner fried rice was served with nice hot 'big boys toys' to savour. Many were seen backing up for seconds in a true testament to the culinary skills of **TENNILLE** and her entourage. **CAPTAIN** happily farewelled each hasher as they left his sacrificial garden and was a relieved hare when the trailer disappeared into the night. A great way to celebrate May Day and many thanks to those who contributed to an entertaining and very satisfying Monday night at the **HASH**.

**ON. ON. SERENITY**

**Note: - A combined collection, over two Monday night runs, amassed a total of \$279.90 for Kokless' "Banish the Black Dog" ride. A BIG thank you to all who donated – from Kokless.**
