Trivia from – Absolutely Absorbing Bathroom Reader.

From H.G. Wells:

We must not allow the clock and the calendar to
blind us to the fact that each moment of life is a
miracle and a mystery.

**The average woman shaves a metre of skin on her
body while the average male shaves 120 cm.**

Why isn't iron added to milk? Iron-fortified milk
turns coffee green.

**A watermelon is 92% water; a raw apple is 84%
water.**

Koalas are closely related to wombats, true or
false? (True)

**Martin Van Buren was the first U.S president
actually born in the United States.**

An adult giraffe's tongue is 43 cm long.

The first condom ever used was in ancient Egypt in
1220 B.C, allegedly.

Real courtroom conversation from 'Humour in the Court':

Q: Now, Mrs Johnson, how was your first marriage
terminated?

A: By death.

Q: And by whose death was it terminated?

Q: And who is this person you are speaking of?

A: My ex-wife said it.

Q: What is your name?

A: Ernestine McDowell.

Q: And what is your marital status?

A: Fair.

**Q: Doctor, how many autopsies have you
performed on dead people?**

A: All my autopsies have been on dead people.

As the pack gathered at Rasmussen heights, the buzz
was on whether the area was safe to run. Despite the
excellent work done by the hares to mark the trail,
Mother Nature had other ideas. With the rain, earlier
in the day all the flour and chalk was destined to the
drains and the only thing left was an occasional tuft
of shit paper barely marking the trail.

As the pack set off the usual trailer dwellers made
sure the trailer was safe from the locals that, given
half a chance would steal their mothers last one
dollar. The pack returned, somewhat amazed that
they could find their way back to the trailer. Nibbles
were put out which set the scene of the nosh that
was yet to come.

The pack was called by the **Greatest GM** to set foot
in Rasmussen Heights and the reports of the lost tail
followed. The run report was given by **Coyote
Fugly**, whilst **Streaker** and **Homo** provided an
excellent account of the walk and trailer
respectively. Many charges were had with the prick
of the week being handed over to **Hot-fa. Pickup**
celebrated her birthday and our ever over achieving
Kung Poo who managed to finish the half marathon.

Rumour has it though, is that **Poo**, despite his best
efforts, failed to keep up the pace of **Gropher**.
It was really refreshing to see all, of the visitors that
took the time to visit our club, **Piss stop, stopcock,**
and **Clout**. A special mention goes out to **Sex pistol**
and **Dianne** who graced our merry band with their
presence. I hope that we see many more lost hashers
in the future. **Clout** was the lucky bastard who won
Uncle Dan's voucher and the other prizes went to,
well who really cares anyway.

Nosh was spectacular and that is it but for one last
thing. To the bastard in the wheelchair that stole my
camouflage jacket. I say, you can hide but you can't
run.
