Run report run 2161- Teaser & Azaria

NO report from the scribe as of Wednesday:

The pack gathered, the runners and the walkers were sent off, with a flurry of misinformation. The walkers walked, the runners ran, the trailer crew watched the trailer.

Pre-circle nosh was supplied (left-overs from the "Bad Girls week-end) – enjoyed by all and sundry.

Tart Ann supplied the pyro techniques for the Bad Girls week end which earned her the 'erectus' for the week kindly donated by the resident work place healthy and safety rep. The girls enjoyed an "**Arts and Craft**" week end.

But I digress, back to the run. As I missed the 'circle', bugged if I know what happened. Nosh consisting of curried chicken and rice, with 'fresh' chilli flakes on the side was served – top nosh. The amber liquid flowed freely – not literally, the nosh was tops, the run was questionable, the company was enjoyable. Top night in all respects. (Editor's rambling.)

Q: Why can you never trust atoms? A: They make up everything!

Did you hear about the famous microbiologist who visited 30 different countries and spoke 6 languages? He was a man of many cultures.

Q: What is the fastest way to determine the sex of a chromosome? A: Pull down its genes!

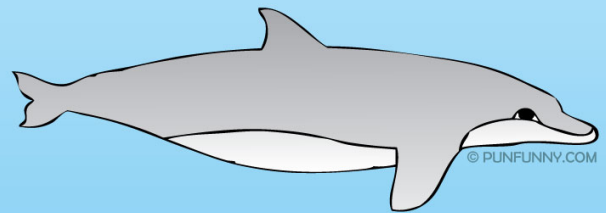

Q. What do you call a teacher without students?
A. Happy

Why do seagulls fly over the sea? Because if they flew over the bay they would be called bagels!
