Run 2175 – Monday 18th December Betty Barefoot and Black n Decker

A good turnout to Kitchener Road for the New Year committee to start off with. Runners and walkers were sent off in all directions. Runners thought they were going to get it easy until they were turned around to head back and halfway up Castle Hill and back again. Walkers apparently were practicing their road kill skills by dodging traffic across Woolcock Street.

Bullshit stories were discussed and compare for the next hour under the flashing Christmas light show while many pigged in and ate fucking burning hot pies and those who haven't learnt from previous experiences fucking burning hot chilli sauce (with the sly odd fruit mince pies thrown in) Our new GM finally got the balls to get on the trailer to start the Circle. The JM hasn't got any, so she didn't need any kick starting. The old GM had plenty of time to prime himself up and became chief heckler in the crowd. Down Downs were given to many including Birthday wishes to **Gaylic** and **Wart**. Prick of the Week for the new year began with **Swamp** and the **Erectus** was awarded to **Booger** deservingly. With the Circle done and dusted food was up for pigging out on as there was so much and so good. Well done Hares!

Great night had by all. Well done to new committee.
