Run 2189 – Serenity, Scissors, Teaser & Know Knob.

A dedicated bunch of hashers gathered at the abode of **Scissors** and **Serenity**, in anticipation of a tremendous run / walk. Upon entering the yard of the hares, a lonely cricket ball sat pondering about the events of the week – the Australian cricket team and the 'ball' tampering saga. This little ball was pondering its future when suddenly it was grasped by the short and curlies, was fondled and tucked down the shorts to meet the 'short stump' of an unknown harsher. Meanwhile, the trailer was mounted by **Serenity** saying something about an orange piece of tape (indicating that you were on trial, with 2 pieces together indicating a 'hold check') both runners and walkers out the gate, turn left and follow trail. Trail weaved in and out of the suburbs of Hermit Park, Aitkenvale and Rosslea. A drink stop was held at **Teaser** and **Know Knob's** abode – some lovely concoction, I believe. **Copit** and **Not So** led the pack but couldn't believe that the drink stop was held there because "it was too quiet". The runners were supposed to run through the Golf Club grounds but decided not to as they had vivid memories of what happened there a short time ago - exploding crap (NOT **Crappa**) or something similar. A feast of kiwi chips and lollies awaited the pack upon arriving home. The 'circle' was eventually called, down-downs flowed. It seems that the down-down queue is getting longer and longer by the week. Raffles tickets were sold, and prizes were won, feast prepared by Scissors and ably assisted by Serenity, Teaser and to some extent Know Knob. Know Knob must have some invested interest in the POW shirt as it returned to him. Good run / walk; Good food and a good night.

JOKES:

Olaf and Inge were applying for a marriage licence. "Name?" asked the clerk.

'Olaf Olssen.'

"And yours miss?"

'Inge Olssen' she replied.

"Any connection?"

Inge blushed, 'Only vunce, when he yumped me'.

What's black and eats chips? Forty-seven percent of London.

If all American women were laid end to end, I wouldn't be surprised.

A woman walked into the butchers carrying a piss-pot. 'Pounda fillet' she said.

The butcher slapped a pound down on the counter and said, 'Pound you don't'.

ON THIS DAY: 02 APRIL.

Only 268 days to Christmas.

1513 – Spanish explorer Juan Ponce de Leon sighted Florida. He went ashore the next day.

1801 – During the Napoleonic Wars, The Danish fleet was destroyed by the British at the Battle of Copenhagen.

1889 – Charles Hall patented 'aluminium'.
