Run 2191 – BAREFOOT BETTY & TEASER.

I was considering my navel and talking shit to a fellow hasher (**Agnes**), when the call to arms was sounded and the pack was away in a flurry of dog shit and empty tinnies. The runners went left, and we went right around Castletown and around the back of Hyde Park center and then over to West End and up the hill and around the corner and down the street and up the street to a Mozzzy infested Drink Stop. Well done girls. Due to the shitful Hooch and the marauding insects, this would have been the shortest drink stop ever.

Finally, after 5 long K's, we arrived back at the Hash temporary domicile full of expectations for a speedy start and end of the circle. This was not to be, due to **El Dringo** carelessly leaving 30 unauthorised booklets strewn around the place for which he was duly punished by the way of 20 down-downs. Normally he complains about the lack of free drinks, but this time he couldn't stop whining about how he had to get up early and lay concrete (*didn't realise we had a hasher named **Concrete** – editor*). El Dringo, you have us confused with someone who gives a fuck.

I had to feel a bit sorry for **Know-Knob's** brain snap for giving the POW to his Trouble and Strife, **Teaser**. I think that you have been out in the sun a bit too long, old mate. She will be still bringing this up in 30 years. "Remember when you gave me the POW, you bastard. Go and buy a Blow-up Doll." After 3 long hours of circling, a halt was finally called so that everyone could stuff themselves with some free food. **Agnes** unfortunately didn't manage to get in first. Seems he's getting a little old and slow. Compliments to the cooks. A fine feed. I think that I should mention here that I am not very happy. Due to an extraordinary long circle, I missed out on Four Corners. Have you no pity, **G.M**

Yours in Hashness

ON THIS DAY: 16 APRIL:

1457 BC – Battle of Megiddo, Egyptian forces of Thutmose III defeat a large Canaanite Coalition under King of Kadesh. First battle recorded with a reliable account.

1521 – Martin Luther (founder of Protestantism) arrives at the Diet of Worms assembly.

1705 – Queen Anne of England, knights Isaac Newton (Physicist and Mathematician) at Trinity College, Cambridge.

1922 – Annie Oakley sets women's record by breaking 100 clay targets in a row.

JOKES:

What's the advantage of being married to a blonde?
You can park in a 'handicap' zone.

Why did the blonde stare at the frozen orange juice bottle for two hours? Because it said "concentrate".

Why is a condom like a coffin?
Both holds a stiff. One is for cuming, one is for going.

A reminder to those who are attending InterHash,
it's not long to go.
