Cuttlefish is turning 70!

Jubilee Bowls Club, Mundingburra

6PM for BBQ & Barefoot Bowls.

**Buy drinks at bar. RSVP to HOTFA or
CUTTLEFISH by May 10**

Run Report 2245

Monday night hash again the hosts of the run were **Swamp** and **Tartann**. **Swamp** got up and said “runners off to the left” and off we went with **Clever Punt** leading the way. Headed down Oban Crt and into a nature strip where we found a little bit of water and I Wart said to **Phlash**, I wasn’t carrying her across. Continuing on, we got onto Coleus Court and that lead us to Boronia Drive and onto Cypress drive with Phlash leading the pack.

From there we entered another nature strip. From HC we ran down a path at the back of Annandale Christian College and into their carpark for a drink stop, where just after we arrive the walkers showed up.

On, On, down Yolanda drive and around a couple of courts and back onto Annandale Drive, where we found an ON ON, Home back to **Swampy’s** place.

After a few beers and yummy cheese balls, the circle was called and Hares got down, downs. Dunkin received the POW. The erectus stayed with Coyotes mate because Coyote forgot to tell him he had to walk or run with it. **Hemroid** had another birthday. There were a few charges from the floor and then we had the raffles. Some were lucky. **GM** got scratchies. **Hemroid** got the tokens and **Tyson** got the \$30 Dan Murphy’s gift card.

There was more drinking done and some good nosh. All had a good night. The run was good, and the hashers company was good.

Good night thanks to **Swamp** and **Tartann**
On On Wart

Melbourne air traffic control tower suddenly lost communication with a small twin engine aircraft. A moment later the tower land line rang and was answered by one of the employees!

The passenger riding with the pilot who lost communications was on a cellular phone! He yelled, "Mayday, mayday! The pilot had an instant and fatal heart attack! I grabbed his cell phone out of

his pocket and he had told me before we took off he had the tower on his speed dial memory!

I am flying upside down at 18,000 feet and traveling at 180 mph!

The employee in the tower immediately put him on speaker phone!

"Calm down, we acknowledge you and we'll guide you down after a few questions! The first thing is not to panic!

Remain calm!"

He began his series of questions:

Tower: "How do you know you are traveling at 18,000 feet?"

Aircraft: "I can see that it reads 18,000 feet on the altimeter dial in front of me!"

Tower: "Okay, that’s good, remain calm! How do you know you're traveling at 180 mph?"

Aircraft: "I can see that it reads 180 mph on the airspeed dial in front of me!"

Tower: "Okay, this is great so far, but it’s heavily overcast! So how do you know you’re flying upside down?"

Aircraft: “The s@#t in my pants is running out of my shirt collar!!”

Will You Live to see 85?

Here's something to think about:

I recently picked a new GP. After two visits and exhaustive Lab tests, he said I was doing 'fairly well' for my age (I've just reached seventy). A little concerned about that comment, I couldn't resist asking him, 'Do you think I'll live to be 85?'

He asked, 'Do you smoke tobacco, or drink beer, wine or hard liquor?' Oh not much grog these days and don't smoke' I replied. 'I'm not doing drugs, either!' Then he asked, 'Do you eat rib-eye steaks, fatty roasts' and barbecued Ribs? I said, 'Not much; my former doctor said that all red meat is very unhealthy!' Do you spend a lot of time in the sun, like playing golf, boating, sailing, surfing, hiking, or bicycling?'

No, I don't, I said.

He asked, 'Do you gamble, drive fast cars?' 'No,' I said... He looked at me and said,.. 'Then, why do you want to live to 85?'
