### Run Report 2247

Monday night was a special one, being the run before the big Nash Hash up in Port Douglas. Therefore we had 20 or more random hashes from all over turned up, fuck if you can remember their names you're doing better than me haha.

The GM sent us off on the run where the runners met the Walkers at a so called drink stop, where we waited and waited wondering if this was a joke, but then out of nowhere **Swamp** and **Soft & Creamy** turned up with some mad concoction that we had a taste of and then it was on, on.

We all ended up meeting at the Seaview Hotel for a few beers and a few good yarns with the visitors to make them feel welcome. On, on was called and back to the Red Track we headed.

Was good to see about 80 plus hashes together have a good time before the circle was called. The GM **Shatter** had an amazing poem installed for us, which would have went down a treat if everyone would have shut the fuck up. As we called all the visitors up for a down, down and gifted them with not only a down, down drink but we gave them a few TVH3 gifts to take home with them.

The JM ended up on the ice for spilling his down, down beers with one lucky visitor that god knows what her name is haha. Was a big night ok!

Once the circle was finished it was nosh time, which went down all too fast. (must have been very tasty) The beers and spirits kept going down all too well until everyone had had enough and pissed off home.

On, On Until next week  
Coyote Fucking Ugly

After 20 years of marriage, a couple was lying in bed one evening, when the wife felt her husband begin to fondle her in ways he hadn't in quite some time.

It almost tickled as his fingers started at her neck, and then began moving down past the small of her back.

He then caressed her shoulders and neck, slowly working his hand down over her breasts, stopping just over her lower stomach.

He then proceeded to place his hand on her left inner arm, progressing past the side of her breast again, working down her side, passed gently over her buttock and down her leg to her calf. Then he proceeded up her inner thigh, stopping just at the uppermost portion of her leg. He continued in the same manner on her right side, then suddenly stopped, rolled over and started to watch the tv.

As she had become quite aroused by this caressing, she asked in a loving voice, "That was wonderful. Why did you stop?"

He said, "I found the remote.

### Post Surgery Question

"You'll be fine," the doctor said after finishing the young woman's surgery.

"But," she asked, "How long will it be before I am able to have a normal sex life again, doctor?"

The surgeon seemed to pause and his face reddened as a small tear ran down his cheek from the corner of his eye.

The girl was alarmed.

"What's the matter doctor?  
I will be all right, won't I?"

He replied, "Yes, you'll be fine.

It's just that no one has ever asked me that after having their tonsils out.
