RUN REPORT

Run 2251 Hares Cuttlefish and Wetchex.

Well bugger me! I must have gotten really pissed at this year's 2250 Celebration Run. Here it is Run 2251 and I can't even remember 2250. (Actually I can, since Batsey, Copit and I set it!)

Anyway, we congealed up river at Chez Cuttle for our customary Monday evening time waste. After mucking around for a quarter-hour or so, making cheap talk and having a cupla pre-run indulgences, Cuttle advised us that it was out the front and ON ON right for both runners and walkers, stay put for trailer trash. On this auspicious occasion it falls to me to do a walk report, because courtesy of the phuckin lurgy that most of us stole from Port Douglas my running days are temporarily suspended - replaced by coughing and sneezing fits.

We headed down expecting to infiltrate Charles Moroney Park to get a bit of a break from the bitumen bash but that wasn't going to happen as some clowns had put a bloody big fence around the entire park while some park works were being done. So the walk was down the road to a corner turn left, down the road to a corner turn left, down the road to a corner turn left, down the road to a corner turn left, down the road to an intersection turn left, down the road to an intersection turn right! - And we were home.

The runners appeared to turn right at the third corner and headed towards The Pinnacles. They obviously didn't get that far as the returned to the bucket not long after we got there.

After the customary preparations the circle was initiated and hares congratulated and rewarded for their efforts, erectus presented, PoW presented, a handful of charges from the floor, and a few visitors on their ways home to the deep south thanked for their attendance.

Nosh arrived and was treated with the usual good manners, and then it was time to go home and watch the tribute to Hawke and ABC's usual lefty attacks on Abbot.

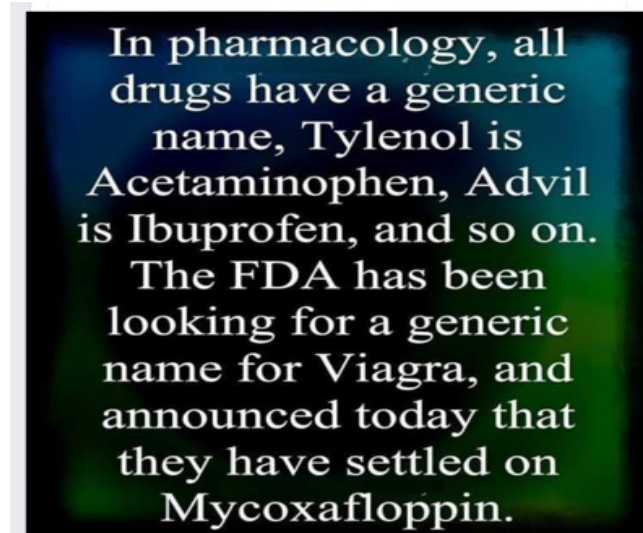

On on, B Back

A professor at the University of Georgia was giving a lecture on 'Involuntary Muscular Contractions' to his first year medical students.

Realizing this was not the most riveting subject, the professor decided to lighten the mood slightly.

He pointed to a young woman in the front row and asked, 'Do you know what your ass hole is doing while you're having an orgasm?'

She replied, 'Probably duck hunting with his buddies.' It took 45 minutes to restore order in the classroom.....

TRACE and OSCAR were holidaying in Phuket and met a local girl. Oscar asked if she could show them around and asked for her mobile number so he could get in touch with her. She got excited and said, "Sex, Sex, Sex, Want free sex for tonight!" "Wow!" he said. "I'm guessing this is how Chinese women express their hospitality!" Oscar said, "Don't be such a wanker. She just said, '666 136 429.'"

There was this man who walked into a bar and says to the bartender, 10 shots of whiskey. The bartender asks, "What's the matter?" The man says, "I found out my brother is gay and marrying my best friend." The next day the same man comes in and orders 12 shots of whiskey. The bartender asks, "What's wrong this time?" The man says, "I found out that my son is gay." The next day the same man comes in the bar and orders 15 shots of whiskey. Then the bartender asks, "Doesn't anyone in your family like women?" The man looks up and says, "Apparently my wife does."
