NEW CELEBRATION RUN DATES 2-4 OCTOBER (LONG WEEKEND)

RUN REOPRT 2302

We all gathered at middle earth Cranbrook – rather posh place chandelier lighting on the outside under the pergola. Lots of chin wagging around the posh area and the fire pit, rather a bigger one than tool squeezers but hey – (I could say otherwise).

Once the run started, we felt like we were time travellers – well it felt like it as our trail went across 4 suburbs and passed through 2 parks – and yes there was some conjecture about how many parks we passed – really who cares!!!

Once back, more jibber jabber, munching on devilled eggs . . . yum

Circle was called and charges were dished out, DR **Fresh** was called up as an over achiever, Peddlers spoke of their miss-adventure with scaffolding and allegedly body parts were damaged and bruised. **Benta** went out in sympathy showing his damaged /bandaged head with various dubious stories of how he got it (Jeff Horn v Tim Tszyu pre-fight was one Bull Sh*t untruth).

Newbie runner (post virgin) **Ruth** was the eye candy for the raffle, with many happy winners and lots more losers (I mean raffle losers). In particular interest was **El Dringo** - winning the Uncle Dan's card as he showed us his version of a happy dance – don't give up your day job El Dringo.

Post Post virgin **Mark** was selected for the walker's report – we are still waiting for him to finish talking. Won't make that mistake again.

BJ was awarded the POW, apparently some bull sh*t story about giving to **Rammy** but because he wasn't there – naturally it had to go to the obvious!!!

Nosh was delicious although the poshness of the place went downhill from there as the cabbage infused food would (did) have truly made homage to the saying of going home to hit the 'fart sack'!

On on to the next run

Gash

Seems the frequency of sexual activity of older men depends on where they were born.

Statistics just released from Statistics Canada, World Health Organization and The United Nations B.O.H. Team, reveal that:

North American, Australian, South African, New Zealand and British men between 60 and 80 years of age will, on average, have sex two to three times per week, whereas Japanese men, in exactly the same age group, will have sex only once or twice per year if they are lucky.

This has come as very upsetting news to a lot of us at the Bowls Club as none of us had any idea that we were Japanese!

Little Harold attended a horse auction with his father.

He watched as his father moved from horse to horse, running his hands up and down the horse's legs and rump, and chest.

After a few minutes, Harold asked, 'Dad, why are you doing that?'

His father replied, 'Because when I'm buying horses, I have to make sure that they are healthy and in good shape before I buy'.

Harold, looking worried, said, 'Dad, I think the plumber wants to buy mum'
