RUN REOPRT 2307

HARES : PINK BITS and BLUE BALLS

It was the Condon Colour Run we had all been waiting for – well 30 of us anyway. Another small running crew departed under **BLUE BALLS** instructions, joined by the **QUEEN LATRINE** from cosy Canberra. She had legs of a gazelle and even **WART** had trouble keeping it up (the pace that is). The first casualty was **ORGASM** after trying to match the outrageous pace and temperature. **GM SHOCKER'S** face was red as a beetroot as we finally raced back to the recuperating trailer for some survival tonics. While the runners were on trail **PINK BITS** rang a random builder and **SERENITY** found his Renegade orange beast attached to the ceiling of the garage like an abstract light fitting. Luckily, **MISS DAISY** had some trusted tools in his shaggin' wagon and the retrieval operation went smoothly under **WART'S** guidance. (He should have been a surgeon and not a sparkie).

Back at the trailer the usual swill did spill, and great interest was held about the **LATRINE QUEEN**. It appears that **SUZIE WONG** hijacked her from some foreign force that had invaded north queensland. They had infiltrated that much that even the tokens from the raffle ended up in the **LATRINE'S** grasp. **GM SHOCKER** offered her our **TVH3 WELCUM BADGE** as a peace offering and the rest is vague history.

The walkers had also been set a trail, and it must have been a good one (short that is) as no one complained on return to the trailer. I think it was someone's birthday, and various down downs were disposed of after quite frivolous charges. The raffles were drawn and won by some lucky pricks who evade my recollection. **PINK BITS** was re-rewarded the **ERECTUS** and got so angry that she started trashing her own house with it. The **POW** was donated by **EL DRINGO** to **BANGKOK** who proudly donned it with a twinkle in his eye. Look out next week. Nosh was

served as per the Covid regulations (with a spoon), and the mob ate like starved pig dogs. It was delicious and plentiful. After the bicycle rescue, and the sight of a **QUEEN LATRINE**, and the hare's gourmet meal, it was back to the trailer for more shit and spit (all with a mask on of course).

A good run, walk, and 30 pack. No-one left disappointed or empty, and all were departed by trailer lock down time. A great night except trying to ride home in that f'n wind.
