**RUN REOPRT 2309**

I confess I just stayed minding the trailer, so the following is a bit of imaginative bullshit. Walkers reckon the 'run' was long and there was a shortage of marks, but they all got back and I don't think anyone is still lost, so suck it up! Pink Bits gave the shirt to Dunkin, something to do with Pink Balls or Blue Bits??? Go figure, I wasn't really listening much. Seem to remember Slash gave the Erectus back to Dringo. Dunkin and Herc put on magnificent nibbles and nosh. Well done, great night.

**F.U.C.K.**

In ancient times, in England, people that were not of the royal family had to ask permission from the king to have sexual relations.

When people wanted to have children, they had to ask for consent from the king, who then, permitting the coital act, would have a plaque delivered that was to be hung at the door of the house with the phrase "Fornication Under Consent of the King"

Abbreviation F.U.C.K., from there the origin of the word FUCK.
