RUN REOPRT 2314

The small pack travelled a very far distance ALL the way out to Kelso land (too far of a trek for some). We were greeted by a lovely metal woman structure thingy created by the artistic **Cuttlefish** himself. It was a great talking point that's for sure! Also, quite noisy so it was hard to hear during the circle. (or am I just getting older?)

Runners ran through the newly built park nearby (bout 12 months ago we had to run around it, what a great memory!) We explored nearby drains and wide spread roads of kelso country. Finally made it to the drink stop right at the end then slogged it home.

Ewok dragged along his neighbour **Jason** thinking he might like us. **Crappa** decided to give him the Erectus (onya **Crappa** looks like we were about to recruit a new runner!!) Charges were made, I cannot recall who, and winners won raffles and losers won none. No plates were needed as Nosh was ham and ALL the salads you could possibly think of. I'm easily pleased with a ham Sanga!

Cheers for a great night **Cuttlefish** and **Wetchex**

When giving instructions, or evaluating a proposal, it helps to be specific, and not assume the other side understands what we mean. We must always be prepared for the fact that the listener may be stupid.

Plane with 5 passengers on board, Donald Trump, Boris Johnson, Angela Merkel, The Pope and a ten year old school boy. The plane is about to crash and there are only 4 parachutes.

Trump said I need one. I'm the smartest man in the USA and am needed to sort out the problems of the World!', takes one and jumps. Boris said 'I'm needed to sort out Britain'. He takes one and jumps. The Pope said 'I need one as the world needs the Catholic Church.' He takes one and jumps. Angela said to the ten year old: "You can have the last parachute. I've lived my life, yours is only just starting." The 10 year old replied: "Don't worry, there are 2 parachutes left, the smartest man in the USA took my school bag."
