RUN REPORT 2345

After closely studying the previous weeks run report for some clues as to how to construct such an important missive from that well known raconteur Innbread, I was disappointed to see in the Hash Trash nothing more than a mug shot of him and no missive to guide me so I will have to reconstruct what happened last week from snippets that I remember, which is not much because as usual I wasn't paying attention, and try and cobble together some sort of coherent timeline for the great unwashed that attended to unravel and figure out some sort of meaning to it all. As a consequence;

1430 – iced down trailer

1645 – picked up Cuttlefish and proceeded to Red track

1710 – arrived and parked trailer

1800 – run/walk which included drink stop at Suzy Wong's mansion

1900 -1945 – circle

During the circle several awards were handed out including the POW and Trumpet Trash. As stated previously, I was staring at something crawling up the wall and not paying attention so I can't remember who got what. I do remember however, the booing and hissing when I won two raffle prizes which I thought was a bit unfair. I hadn't won a prize for about three weeks so it was my turn after all.

At about 2045 Ewok told everyone to "Fuk Off" so I slammed down the shutters and beat a hasty retreat to the safety of Kelso, Cuttlefish in tow off course.

The End

Touchup

**Things nobody
said in the 80s...**

"I lost my phone"

**I'm gonna quit my
job and travel the
world until I run
out of money!
I estimate I'll be
home again
around 10pm
this evening...**

**Mother-in-law came
for dinner and said
"Why does your dog
keep looking at me?"
I said "It's because
you're using his
plate."**
