RUN REPORT 2353

This run report is signed by "Reefa" but is actually written by his "Typissed" (who shall remain nameless (not *Nameless* who did not attend due to absence) but someone who did attend but prefers anonymity). Right - now that we've got that all sorted let's get on with the report.

Runners and walkers headed off into the park, past the burnt-out remains of what were some really popular swings and climbing frames. Quill can't make much further comment about the walk as he, she, it or they did the run(ish). As usual the front runners had their heads up their arses and lost trail in the park. Back runners found the trail in an easement and called most of the pack back.

On into the suburb again with the main pack reassembling after a couple of the front runners blindly (but luckily) short-cutted. After one of quite a few Hold Czechs we all headed again cross-country and through an almost dry drain. Fortunately, it was only sole deep (or should that be arsehole deep) and we didn't get wet feet. After the drain there was another Hold(ish) Czech. ("Hold(ish) Czech" because the main pack reckons the back runners don't need to be waited for!!!! - Even if they are in sight!!!!)

Then it was through some more back streets and onto Yolanda Dve for a trot home (including another, this time real Hold Czech).

After everyone had had their first drink, the GM called a "2 4 3" in honour of a few birthdays. It was noted that the grog masters didn't drink until the "2 4 3" had been initiated - They obviously knew the price drop was imminent.

Quite a few returnees were among the charges, no sign of PoW, but Erectus went down from *Ewok* to *Kung-Poo*. (Quill reckons that's about as low as it can go!!) Raffles, then nosh followed. Nosh was up to the usual Annandale standard.

A cupla more of the "2 4 3's" and it was time to head home for a cleanser.

A bloody good run, and evening - Obviously the hares have a bit of run-setting experience!

On on, QAnon - I bloody-well don't think so!! Just call me Quill 4 Reefa.
