Run 2359 – Red Dress Run

Round about 6 o'clock, the Roar of the pack Rumbled down at Seaview tavern for some beverages and riveting conversation to set the tone for the rest of the night. Rustling to go, the runners and walkers were called to trail and set off through the delightful views of North Ward. Ravishing in red, all for a good cause to this year's Charity Althea Projects.

Rapidly gaining momentum with a drink stop on the radar, the runners and walkers rallied around to down a beverage or two or take as a roadie. On, on as the sights were set for home. Red track ready here we come!

Radiating gleams of sweat after a raise in body temperate it was time for the pack to demolish some beer. (Or Rum). Now the circle from what I can recall and the information I have regathered goes a little something like this. Virgin (or apparently not so Virgin) was remarkably ushered along by PINK BITS.

POW/ERETUS a no show. Remaining the fact, I was sober, I do not recollect BENTABEAKs joke that he told to entertain the raggedy bunch. (We did laugh though, I'm sure)

Representing the best dressed of the night were a few requested nominees. An ugly Scottish garden gnome I believe were words ringing from the crowd. BLACK N DECKER a repeat offender for pulling out the stops with his relentless, barely- there costume. Rio De Jeniro!!!

The ramblings of the pack stopped what they were doing as they relished their sights on the renowned MONK, as it appeared amongst the circle.

Relieved or reluctant, Shonti was called upon the circle to be named. After a repetitively revised rendition on the story of Shonti's naming to TITANIC will literally go down in history. Welcome aboard to your new Religion TITANIC.

In retrospect, the circle and the night was good and the NOSH was served relatively fast as the rowdy pack ravished their sights on the ready-made feast that is PIZZA. Resist we did not!

Remarkable, thanks committee.

On, On

JOKES

*Why didn't the passengers receive flowers when their plane landed in Hawaii?
Because it was deleied.*

*I burnt my Hawaiian pizza today.
I should have cooked it at aloha temperature.*

*How did the Hawaiian hipster die?
He walked on lava before it was cool.*

*My geometry teacher went to Hawaii.
When he came back, he was a tan gent.*

A tourist in Hawaii is amazed at how healthy and invigorated he feels after just a few days into visiting the islands...

He strikes up a conversation with one of the locals while they are wading out into the crystal clear, warm surf on yet another perfect island day.

"I just cant get over how beautiful this place is," the tourist says excitedly, "I feel great! I haven't felt this young and healthy in years! Island life is fantastic!"

The local says, "I know what you mean! Take me for instance. When I came here I was totally bald, didn't have any teeth and I couldn't even walk...and look at me now!"

The tourist looks at him and says, "Wow, that's amazing! How long have you been here?"

The local says, "Oh, I was born here."
