send to Knicka-Less - **BY THURSDAY NIGHT**

## RUN REPORT 2356

Booger and tool squeezer had carefully considered their Mexican theme run and decided to arrange a tropical downpour just like you'd expect in Mexico???. Any chalk trail laid had been washed to sea to contribute to further coral bleaching, so Trail Masters had to attempt to follow soggy maps. After a rain-soaked amble through the suburbs of Kirwan (where the walkers were so focused on getting through the flooded streets without drowning, we managed to miss the drink stop), we made it back to the warmth of BOOGER's backyard swamp.

Circle was scattered under any available shelter.

P.O.W was given to Benta Beak so he could fix his faulty attachment to the shirt, and Erectus was given to Carol (not sure why?).

Nosh was tasty Mexican themed chilli, warming the soul on an otherwise bleak night in the swamp.
