Run 2358

The story of a Shocking Orgasm

Six pm rolled around and the pack set off at a pace which needed to be seen to be believed.

EWOK led MOTHER Duck for the first few metres before BLACK" N "DECKER scooted past mentioning something about he was trying to keep one step ahead of BETTY (too late B" N "D she has you right where she wants you!)

The running and walking packs wandered around to arrive (or should that be cum) together to enjoy a cup of rum and coke.

Once back with the trailer trash the rum soaks set about demolishing the two cob loaves made by an ORGASM (that may explain the taste of the cob loaf contents).

Drinks were had and TOUCHUP managed to make the males within hearing distance cringe with his story about how a catheter was pushed up into his penis (no ORGASM's currently happening for TOUCHUP).

The circle was called and drinks were given to the hares. BLOWJOB and ORGASM were shouted a drink for their birthday and as EWOK correctly pointed out it was a very fitting couple as one of them generally leads to the other!

BANGCOCK tried to insult the kiwis with his joke – he should have known better as they need to understand it before they can be insulted. I think he later went round individually to each kiwi in the crowd to give them a personal explanation about why they should be offended. WETCHEQUES then tried to upset the older members with a joke about super (soup or) vagina.

Pots of sausages and vegies appeared and then promptly disappeared.

The pack whittled away until there were only sex (kiwi speak for six) left. The birthday girls and their better halves were left with an unlikely Kirwan couple in MASTERBATES and WETCHEQUES. It makes you wonder what could happen when you have a RAMROOTER, a BLOWJOB, an ORGASM, a MASTERBATES and a WETCHEQUES together – I guess it could just be a SHOCKER!

FUTURE COVID RUNS

A man was hunting when a gust of wind blew, the gun fell over & discharged, shooting him in the genitals.

Several hours later, lying in a hospital bed, he was approached by his doctor.

"Well, sir, I have some good news & some bad news.

The good news is that you are going to be OK. The damage was local to your groin, there was very little internal damage, and we were able to remove all of the buckshot."

"What's the bad news?" asked the hunter.

"The bad news is that there was some pretty extensive buckshot damage done to your willy which left quite a few holes in it. I'm going to have to refer you to my sister."

"Well, I guess that isn't too bad," the hunter replied.

"Is your sister a plastic surgeon?"

"Not exactly", answered the doctor.....

"She's a flute player in the Boston Symphony Orchestra. She's going to teach you where to put your fingers so you don't piss in your eye.

I heard there were a bunch of break-ins over at the car park. That is wrong on so many levels.

I want to die peacefully in my sleep, like my grandfather... Not screaming and yelling like the passengers in his car.
