Run 2375

These may not be the facts of the Run but a rough interpretation of it.

The pack had assembled at **Tyson & Hotfa's** abode and were busily wetting their whistles, limbering up and purring like a brand new Ferrari straight of the production line. No wait I was just dreaming, the aged old farts where all sucking piss and awaiting instructions from the eager hares. **Hotfa** bounced up onto the podium and began barking instructions to the pack prior to sending us off with the most confusing burst of babble that I have heard and believe me I have heard some shit in my time with over 20 years of hashing in nearly every state in Australia and the odd place in the world.

The Hares told the 'gathering' the run was well marked with absolutely no rhyme or reason and the pack was to head off out the gate to the right or was that to the left anyway off we went into the merky darkness of the backstreets of Mysterton, almost to Bowen Road across Ross river Rd and on around the new abode of **Tyson and Hotfa** prior to heading on to the drink stop. A lovely concoction of champagne, vodka with a bit of a mixer (I think). Out of the park and on home all in all great little walk/run.

Back at the trailer with pack feeding their faces on various biscuits/dip and chips and cold beverages to wash it all down. Then in a blink GM mounts the trailer (what a feet that was) and calls the pack to order. Run/walk reports delivered by **Shocker & Clitus**. Nil Awards delivered. Prick of the week from **El Dringo's** new (Oh my god) flame to **Captain** for some bullshit which I couldn't quite get my head around. No erectus missing in action.

Returnees: Can't remember don't think there were any. There were a few charges nothing to ground breaking or memorable otherwise I would have remembered them. There may have been a couple of others but by now a few beers and the drink stop had kicked in and my memory checked out. Raffles conducted with **Wart** winning again Oh sorry no he didn't. I think Reefer may have and as for the others not quite sure.

All this carry on and the GM then closed the circle and it was on on to next week's run at **Scissors & Serenity's** abode in Hermit Park.

Excellent nosh ensued in the form of a couple of lovely tasting sausages/rissolles and pumpernickel bread I think. All in all great venue, good pack, nice short stroll/run, relatively short circle with a whole heap of bullshit and great nosh to cap the night off.

Cheers, **Clitus**

A man walks into a bar and it's empty - it's just him and the bartender. He sits down and orders a drink.

He hears someone whisper, "Pssst...I like your tie." The man looks around but doesn't see anyone.

"Pssst...that color looks nice on you."

He asks the bartender, "Excuse me, but...are you speaking to me?"

The bartender rolls his eyes and says, "No, sorry about that. It's the peanuts... they're complimentary."

A man goes into a pet shop to buy a parrot. The shop owner points to three identical-looking parrots on a perch and says, "The parrot on the left costs \$500 dollars."

"Why does the parrot cost so much?" asks the man. The owner says "Well the parrot knows how to use a computer."

The man then asks about the next parrot and learns that it costs \$1,000 dollars because it can do everything the first parrot can do plus it knows how to use the UNIX operating system.

Naturally, the increasingly startled man asks about the third parrot, only to be told that it costs \$2,000 dollars. Needless to say this begs the question, "What can it do?"

To which the owner replies, "To be honest I have never seen it do anything but the other two call him boss!"
