## **Run 2389**

Easter run hosted by Scrubber and Phantom  
For those of us who weren't gallivanting about the countryside for the Easter break, there was a spiritual event to be had at the Monday nite Hash run.

The runners quickly hoped to it led by... whoever was the fastest... while the walkers were more the tortoise than the hare as we wandered on and on and on through the streets of Heatley in search of easter eggs the kids may have missed.

A drink stop in a playground for those who still had the energy for the seesaw and swings then back to the trailer to wet the whistle. After that it gets a bit blurry coz i wet my whistle waaay more than most but Pussy lane got to spend a week of quality time with the Erectus, the GM had plenty of charges and very few hashers managed to miss out on a down down.

Fornicating Firearm won the raffle (AKA Sexpistol) we had some great visitors from down south, a top feed and a bloody good nite all round.

Oral C

**I went to the liquor store Friday afternoon on my bicycle, bought a bottle of scotch and put it in the bicycle basket.**

**As I was about to leave, I thought to myself that if I fell off the bicycle, the bottle would break.**

**So I drank all the Scotch before I cycled home.**

**It turned out to be a very good decision, because I fell off my bicycle seven times on the way home!**

## **Run Report 2388 - Decoded**

The run was set by HERCULES and ORAL C and it was like one of the 7 W of the W (Seven Wonders of the World). It is lucky that there are only 7 D in the W (seven days in the week) and 24 H in a D (24 hours in a day) or the run could have ended up a marathon. This run could become an annual event as there are 52 W in a Y (52 weeks in a year) or maybe they could set the run less regularly as there are 29 D in F in a L Y (29 days in February in a Leap Year).

The bike riders wheeled confidently into Herc's abode and that reminded me that there are 3 W on a T (three wheels on a tricycle). The pack set off at all angles and of course there are 90 D in a R A (90 degrees in a right angle).

The 3 B M (S H T R) (three blind mice, see how they run) led the pack by putting one foot after the other which was easy as there are 5 T on a F (five toes on a foot). As they passed a sporting field it came to mind that there are 15 P in a R T (15 players in Rugby team), 18 H on a G C (18 holes on a golf course), 11 P in a F (S) T (11 players in a Football (Soccer) team) and 6 B in an O in C (6 balls in an over in Cricket).

The pack then meandered along a road and there was a church. The spiritual amongst the pack immediately thought that there are 66 B in the B (66 books in the Bible), 27 B in the N T (27 books in the New Testament), 39 B in the O T (39 books in the Old Testament) and 23 P of C in the H B (23 psalms of Christ in the Holy Bible).

The less spiritual simply looked at the sky and thought about the fact that there are 12 S of the Z (12 signs of the Zodiac).

The trail wound around itself just like the 8 T on an O (8 tentacles on an octopus). SERENITY must have the 9 L of a C (9 lives of a cat) as he continued to dodge in and out of the traffic.

The run wasn't lengthy but with 60 M in an H (60 minutes in an hour) it seemed to go on and on and as we know 13 is U F S (13 is unlucky for some).

The thirsty pack arrived back to bread and water knowing that there are 13 L in a B D (13 loaves in a Bakers Dozen) and that 32 is the T in D F at which W F (32 is the temperature in degrees fahrenheit at which water freezes). Drinks were had and the till received a strange banknote but it was all cleared up by a visiting South African who told us that there are 100 C in a R (100 cents in the Rand) and 26 L in the A (26 letters in the alphabet). Whilst talking about visitors a yank turned up and promptly explained to us that there are 13 S on the U S F (13 stripes on the US flag). Raffles were won, charges were made and the night began to wind down. MOTHER DUCK told me that she was going home to play strip poker as there are 52 C in a P (W J) (52 cards in a pack (without jokers)), but I believe that HEMROID may not be able to play as he does not have the 23 P of C in the H B (23 pairs of chromosomes in the Human Body).

The GM said he was going home for a night cap and gave us a hint of what he would drinking as he sang 15 M on a D M C (15 men on a Dead Man's Chest).

A good run and great food ladies.

And then it was ON ON to next week which probably won't come quickly as there are 1000 Y in a M (one thousand years in a millennium). WETCHEQUES
