Run 2391

Well we had a smallish crowd gathered at Cuttlefish's home base in east Charters Towers if you listened carefully you could hear the banjos playing in numerous back yards! At 6pm it was On On runners, B&D just making it by a whisker, or two.

Drink stop was a maybe the runners split into the two who made the drinks stop and the short cutting bastards that didn't.

Meanwhile the walkers were being led courageously by Hotbox fair dinkum who thought she could actually read a map! through parks, sporting fields and schools we tramped, the only common thing were the giant mosquitos buzzing around our heads, Gash couldn't get a leg over so Slash & Self-Abuse gave her a hand and they finally got the leg and everything else over!

Self-Abuse being as tall as he is was able to neatly step over the school fence but then bragged he'd dragged his bits across the top of the fence.

We saw the drink stop as it drove by and finally made it back to Hillbilly Central. Nipples were served (nuts as well) Nosh arrived and the night was upended with nosh preceding the circle and confusing the hell out of Sudden Insane who was ready to go after the pizza.

Finally we circled up with the Erectus delectus (not there) and the POW going to a worthy recipient in Bang Cock, charges were made up and the birthday boy scored another down down. The raffles were run with winners including Blue Balls who Pink Bits had predicted would win with Blue F05! No set up there of course.

After the circle Suds was still confused as to whether he should have more nosh or not. Great night, good runs and walk and the nosh was great as well.

Thanks to Cuttlefish who had worthy support from TouchUp!
