send to Masterbates – BY **THURSDAY** NIGHT

RUN REPORT – 2436

Scissors and Serenity

A balmy hash evening with rain looming but the hash assembled regardless at Scissors and Serenity's place in Hermit Park. 6pm sharp the pack was sent off, runners to the right and walkers to the left and trailer trash stay put.

Must have been a good trail as no one got lost, everyone found the drink stop even, and all managed to get back before we drank the trailer out.

Few more bevvies and circle was called by the GM, the usual charges were dished out. We had a new runner who seemed to fit in well, POW went to Slash and Erectus is still MIA, announcements about various hash events looming in the next week. raffle was drawn and I won the Dans card only because Wart wasn't there, thanks mate.

Nosh was on with a selection of burgers to tempt everyone.

Great Hashy night

On On El'Dringo

A son asked his mother the following question:

'Mum, why are wedding dresses white?'

The mother looks at her son and replies:

'Son, this shows your friends and relatives that your bride is pure.'

The son thanks his Mum and goes off to double-check this with his father.

'Dad why are wedding dresses white?'

The father looks at his son in surprise and says:

'Son, all household appliances come in white.'

Remember the 7 qualities for the perfect girlfriend ...

Beautiful, Intelligent, Gentle, Thoughtful, Innocent, Trustworthy, Sensible.

Or, in other words ... B.I.G.T.I.T.S.

Many years ago on a long BOAC flight, an elderly lady asked if she could visit the cockpit.

When she got up there, she found four crewmen. She asked the first what he did, and he explained that he was the navigator and what his responsibilities were.

She turned to next one and asked what he did. He explained that he was the engineer and his job was to monitor and troubleshoot any system problems to keep the flight operating smoothly.

She turned to the next one and asked what he did. He explained that as the captain he was responsible for everything on the airplane and the functioning of the crew. She turned to the first officer and asked "Well young man, what is your job?" He replied "Madam, I am the captain's sexual advisor."

Somewhat shocked, she said "I beg your pardon, just what do you mean by that?" "Very simple madam. The captain has told me that when he wants my fucking advice, he'll ask me."
