send to Masterbates – BY **THURSDAY** NIGHT

# RUN REPORT – 2437

## Oral C and Hercules

Well the runners, twatters, and walkers headed out into the steamy streets of Vincent. Apparently it was a good run/walk with a welcome drink stop at the dog park, after everyone woofed down their refreshing drinks, they continued on home to Oral C's abode. All hashers then mingled, ate nibbles, consumed cold beverages of all description, talked shit and sweated profusely.

Circle was called and the Hares were called up, followed by numerous down downs, Clitis got Mother Duck up for her 'relatives' gate crashing the pool and bar area of a known tourist resort.

Wart and Serenity were dobbed in by Cat Blew for failing to ever have a chance of joining the NBN team!

Wart "I wondered what the skinny white cord was?"

Serenity "Must be an old telephone wire".

Ewok had Oral C up for trying to conceal her apparent shares in the Townsville Airport!!

Then we had the Birthday hashers up, Sum Cunt, the Big 60 shouted beers, cheers for that old fella.

Oral C, another hasher to join the 60 club received a cake and yes, you guessed it, it had a real 'bite' to it haha, no shortage of teeth now Oral C.

Erectus still MIA, but the POW shirt went to Bentabeak for 'riding high' in the Greg Norman elite golf buggy at the HOH golf morning.

Oodles of yummy pasta nosh backed up with plenty of various cakes.

Great night and well done Hercules and Oral C and on on to Betty and BnD's next week.

On On  
Scissors

Lady: Do you drink?

Man: Yes.

Lady: How much a day?

Man: Three 6 packs.

Lady: How much per 6 pack?

Man: About \$10.00.

Lady: And how long have you been drinking?

Man: 15 years.

Lady: So one 6 pack costs \$10.00, and you have 3 packs a day which puts your spending each month at \$900. In one year, it would be \$10,800 correct?

Man: Correct.

Lady: If in 1 year you spend \$10,800 not accounting for inflation, the past 15 years puts your spending at \$162,000 correct?

Man: Correct.

Lady: Do you know that if you hadn't drank, that money could have been put in a step-up interest savings account and after accounting for compound interest for the past 15 years, you could have now bought a Ferrari?

Man: Do you drink?

Lady: No.

Man: So where's your f \*\*\*\*\* Ferrari then?

\*\*\*\*\*
