Run 2458 – Kung Poo & Pussy Lane – Douglas

It was a lovely run, trot, and walk along the Ross River. There was a little bit of shiggy, some challenging hills, and we went through a tunnel which was called the 'love tunnel (?)' for secret business for some, but the reality is it is a danger tunnel as a little monkey might be hiding in the dark to sneak up on you.

A bunch of walkers arrived first at a drink stop which was on the other side of the highway, three trotters managed the second spot, three short cutter (synonym of minimize the distance of running according to *Ewok*) came third, and three long distance runners arrived last.

Everyone was safely back to home we thought, but someone noticed *Azaria* was taken by *Cat* instead of dingo or *Dringo* this time and went

missing. A scooter rescuer, *Kung Poo*, went to search for the missing *Azaria*, and shortly after the missing hashers safely returned to home as *BJ* was taking care of *Azaria* and the wild cat detective, *Catblew*.

The circle was delayed due to the missing hashers but went through usual business with no drama. *Erectus* was handed to *Ram Rooter* by *Wart* as he was careless for missing lovely wife. *Blow Back* gave POW to *Hemroid* due to no fire previous week under freezing weather condition.

Yummy nosh was served as always and a great night had by all.

Well done hares, top night.

Your eyesight starts getting weaker – But your ability to see through people's bullshit gets much better.

A mandate isn't a law – It's when two men go out to dinner.

Not in a row or anything, just in total.
