Run 2463 – Inn-Bread & Ewok – Water St, Mundingburra

The usual suspects gathered amongst the lovely landscaping at the Bred Inn on Monday night for the race that stops the suburbs. Off they went strutting their stuff in all manner of speeds. Meandering thru Mundingburra and Leaping down Love Lane.

Back to the trailer where our Beautiful Brewmeister (and *Hemroid*) dispensed icy ales. The Good, The Bad and The Ugly assembled for the (semi) circle where *EWOK* was presented with a fashionable new shirt - a one of a kind creation straight off the *Cat(blew)walk*, and *BlowJob* got a new drinking vessel to wrap her laughing gear around.

Great tucker and good laughs all round.

Trip Advisor review for the Bred Inn: 5 stars.

On on, *Oral C*

Pussy Lane walks into a bank totally exhausted after an 18-hour shift. She grabs a deposit slip, pulls a rectal thermometer out of her purse, and tries to write with it. When she realizes her mistake, she looks at the flabbergasted teller and, without missing beat, says, "Well that's just great . . . Some asshole's got my pen."

THE IMPORTANCE OF WALKING

Walking can add minutes to your life. This enables you at 85 years old to spend an additional 5 months in a nursing home at \$7000 per month.

A bloke started walking eight kilometers a day when he turned 60. He's now 97 and his family have no idea where he is.

A very good reason to take up walking is to hear heavy breathing again.

Every time *Benta* hears that dirty word "exercise", he washes his mouth out with chocolate.

BJ realizes that the advantage of exercise every day is so that when she dies, they'll say, "Well, she looks good, doesn't she!"

We all get heavier as we get older because there's a lot more information in our heads. . . . *Hemroid*.

Every time I start thinking too much about how I look, I just find a "Happy Hour" and by the time I leave I look just fine.

A PESSIMIST sees a dark tunnel.
An OPTIMIST sees light at the end of the tunnel.
A REALIST sees a freight train in the tunnel.
The TRAIN driver sees 3 idiots on the tracks.

A high school teacher was lecturing his students on their first day about missing school. He explained how they needed a note from their parents if they had a day off school if they were sick.

One half smart young lad asked what would happen if they were suffering from severe sexual exhaustion.

The teacher thought for a moment and then told him if that was the case he would have to learn to write with his other hand.
