## Run Report - 2485 - Black and Decker & Betty Barefoot - 14 Kitchner Road, Pimlico

An absolute stinking hot Monday afternoon after the fizzer cyclone Kirilly but that didn't stop the pack from a hash run. After a couple of warm up drinks the pack was sent off by B&D with some mention of a hill and some shiggy, Suds had already beaten the starters gun and had departed for the Centen early in the peace. Must have been quite a run as the runners were a long time gone and came back red faced, but that gave the crew that stayed behind plenty of time to give the trailer a work out whilst they guarded it from being stolen. Bettys signature pies came out for nibbles and for the first time didn't burn the skin off the roof of your mouth, finally circle was called as the GM mounted the trailer. Seems our new GM has a fascination with bare arses and ice coz lots of us got a crack at the ice, think Scissors is egging her on lol. Lots of charges and at one stage looked like half the pack was going to be out having a drink, what ever the drink stop left overs were it was bloody yummy. The POW Serenity (not Rooster as reported in last weeks trash) forgot the shirt so he got a good sit on the ice and retained the shirt for another week and No Knob gave the Erectus to Blowie. Raffles were up and Wet Spot and Dringo won dans vouchers and visitor Know Knob got the tokens with a ribbing for being a visitor and winning a raffle prize, Warty didn't get a show for a change. Nosh was on and seriously yummy curried sausages and Thai chicken curry. Top night catching up with Hashers, fun circle and great nosh, well done hares Betty and B&D

Give it to me! Give it to me!" Bot Bot yelled. "I'm so wet, give it to me now!" She could scream all she wanted, but I was keeping the umbrella.
