Run Report - 2491 - Shocka and Orgasm

22 Bokirana Crescents, Kirwan

Welcome to Shocker and Orgasms (and Mercedes) winter run. If I had realized it was going to be so cold and rainy, I would have rugged up more.

Be that as it may, a good night was had by all with an interesting walk and, apparently, a good run. The only downside was the drink stop with Shocker feeding us his version of Guinness which tasted more like rum.

The circle was circled and many fines were delivered for real or imagined transgressions. Pink Bitts decided that she liked prick so much, that she would keep it and some fool forgot the trumpet so they got to keep that as well.

Although it was a particularly large group at Hash tonight (about 50), Orgasm and Shocker managed to afford 2 pizzas each.

Well done.

That's all folks.

A man and a woman started to have sex in the middle of a dark forest. After about 15 minutes, the man finally gets up and says, "Damn, I wish I had a flashlight!" The woman says, "Me too, you've been eating grass for the past ten minutes!"

What did the penis say to the vagina?
- "Don't make me come in there!"

I'll admit it, I have a tremendous sex drive.
- My girlfriend lives 40 miles away.
