RUN REPORTS – [shappensh3@gmail.com](mailto:shappensh3@gmail.com) Ph: 0418 410 394  
send to Shit Happens– BY THURSDAY NIGHT PLEEZE

A good turnup for a run just south of Charters Towers.

It was run 2508 but it was Blowbacks 2001 - A Space Odyssey.

We had about 16 walkers and 3 runners and 1 twotter with the majority back at the bucket. I wasn't sure if the G.M. had a brain snap, but I saw her on the early part of the walk. (Things you see when you haven't got a camera).

It was a good walk around the very safe suburbs of Kelso and Rasmussen and Hot Box said it was 3.56km's

Back at the bucket, Hercules called the circle and many many down downs were given out including the new Granny, Cat Blew and Bentabeak told an acceptable joke and several were put on ice.

From now on, don't forget your pannikan.

Blow Back gifted the POTW to this scribe for no reason other than he could and presented the Erectus to Big Wetty for the same reason.

The hares presented nosh of pizza and garlic bread which was duly scoffed down by the pack.

Once again a great night of entertainment wa had by all.

## Great and Profound Philosophers

~ Arnold Schwarzenegger...

Having more money doesn't make you happier. I have 50 million dollars but I'm just as happy as when I had 48 million.

~ Betsy Salkind...

Men are like linoleum floors. Lay 'em right and you can walk all over them for thirty years.

~ David Letterman...

America is the only country where a significant proportion of the population believes that professional wrestling is real but the moon landing was faked.

I remember my first date with Bot Bot.  
She accused me of being a tight arse.  
I took her out for tea and biscuits. It was quite exciting as she had never given blood before.

Pussy Lane gave Kung Poo a bracelet to wear that belonged to her grandfather.

It says "Do Not Resuscitate."
