We all gathered at east Charters Towers (Bailey court, Rasmussen) for the 2024 AGPU.

It was a great turnout with hashers coming from near and far.

The ambitious ones left for the walk/twot/run and the others were left to guard the trailer.

There was lots of talk regarding the new committee and who the possible new GM would be.

The circle was called!

The Prick of the Year shirt went to BentaBeak.

A young couple was making passionate love in the guy's van (shag carpets, big double mattress in the back...) when suddenly the girl, being a bit on the kinky side, yells out "Oh big boy, whip me, whip me!"

The guy, not wanting to pass up this unique opportunity, obviously did not have any whips on hand, but in a flash of inspiration, he opens the window, snaps the aerial off his van and proceeds to whip the girl until they both collapse in sadomasochistic ecstasy.

About a week later, the girl notices that the marks left by the whipping session are starting to fester a bit so she goes to the doctor.

The doctor takes one look at the wounds and asks, "Did you get these marks having pv sex?"

The girl is a little embarrassed but admits that, yes, she did. Nodding his head knowingly the doctor exclaims, "I thought so, because you've got a bad case of van aerial disease.
