These may or may not be the facts of the Run held at El Dringo's & Think Big's abode on

Monday 04 August 2025

I have heard some shit in my time with over 20 years of hashing in nearly every state in Australia and the odd place in the world.

But I don't think I have heard as much shit as I have throughout this evening.

The pack is an old bunch of dribblers who mosey along at brake neck speed as the fine athletes that they are and were chafing at the bit raring to go awaiting with baited breath the words of the hare and with that it was On On into the streets of Currajong heights.

All 3 x packs heading off in the same direction and basically in a large square around the suburb encompassing such tourist attraction as The lake and a park and that was pretty much it.

Then it was back to Dringo's & Think Big's for snacks and a few cleansing ales except for Blowback who was on the water after a little heart flutter (well done Copit, there still maybe some life in the old codger yet).

The VB rep for the brewery will be going broke as VB sails drop by 100%.

7.30Pm and just like clockwork the pack is called to grab their Pannikins and form a circle with a rather forgetful GM on this night.

Run reports called for with Notso delivering the walkers report "we just went round in a large circle". Black & Decker delivered some sermon from the book of war and peace which basically said we went round in a large circle.

Blowie delivered a trotters report that said we went round in a large circle with some short cuts and Sudden Insane for beerhunter hash advised of \$6.50 schooners drinking alone at the CenTen.

The circle continued with Shocker being put on ice for not wanting to have a drink with Sudden and then a heap of over achievers also sat on ice for achieving run milestones (Bot Bot, Azaria, Serenity, Scissors and the GM).

A few returnees (Bangkok, Hotbox, Tyson, Hotfa, Rekkie, Desparate were all required to advise as to their whereabouts over the previous weeks and then it was on with charges from the floor.

Bangkok jumped up on his soap box with several charges, something about an infection on his open wound after entering Gumboot & Clituses swamp infested pool on their farewell.

Black and Decker was charged for ghosting Bangkok & Hotbox somewhere in WA on the open highway.

Hercules was also charged for being the GM at the time of the open wound saga (trumped up charge).

Nil POW this week missing in action.

Erectrus passed from Blowie to Benderbeak because apparently he just deserved it.

Raffles conducted with Some Cunt winning the first 2 x prizes & Serenity bringing up the rear with the 3rd prize, apparently all very unpopular winners according to Scissors.

Circle closed and all treated to a great Aussie tradition of Bangers and Mash with gravy and onions.

All in all good compact run, great nosh and not too bad a circle by our forgetful GM on the night maybe one or two many froffies consumed before the circle, anyway good night had by all in the trying north pole winter conditions.

ON ON

Cheers, Gumboot

**Have a great week all
